SUBJECT INDEX*

A

Abortion, spontaneous
The grief response to mid-trimester fetal loss (Lindberg). 1992;12:158-63 (Commentary)
The loss of a dream: perinatal loss or an unexpected pregnancy outcome (Gould). 1992;12:262-5 (Commentary)
The you we thought we'd see (Reineke). 1992;12:363 (Commentary)

Abstracts
Abstracts. 1992;12:85-97, 197-8, 308-9, 385-6

Acardiac anomaly
Perinatal pathology casebook (Jasnosz and MacPherson). 1992;12:188-91

Access to health care
Hypoplastic left heart syndrome: access to medical care (Huhta). 1992;12:306-7
The quality of quantity vs the quantity of quality (Bowen). 1992;12:83-4

Algorithm
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93

Ammonia
Transient hyperammonemia of the newborn: A vascular complication of prematurity? (Tuchman and Georgieff). 1992;12:234-6

Amniocentesis
Emotion in women undergoing amniocentesis in the second trimester of pregnancy (Harward). 1992;12:257-61 (Commentary)

Analgesia
Evaluation of oxygen desaturation events in singleton pregnancies (Porter et al). 1992;12:103-6

Anesthesia
Malignant hyperthermia: a review (Johnson and Edleman). 1992;12:61-71

Aneurysm
Neonatal radiology casebook (Stromquist and Perez). 1992;12:81-2

Anoxemia
Intermittent mandatory ventilation with continuous negative pressure compared with positive end-expiratory pressure for neonatal hypoxemia (Cvetnic et al). 1992;12:316-24
Reducing the hypoxemia, bradycardia, and apnea associated with suctioning in low birthweight infants (Evans). 1992;12:137-42

Anoxia
Is cord blood erythropoietin a marker of intrapartum hypoxia? (Halevi et al). 1992;12:215-9
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93

Anti-Ro antibody; *see* Antibodies

Antibodies
Congenital complete heart block associated with maternal anti-Ro antibody: a case report (Fabbri and Hamner). 1992;12:225-8

Aortic valve stenosis
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7

Apnea
Apnea in subsequent asymptomatic siblings of infants who had an apparent life-threatening event (Duke et al). 1992;12:124-7
Reducing the hypoxemia, bradycardia, and apnea associated with suctioning in low birthweight infants (Evans). 1992;12:137-42

Apparent life-threatening events
Apnea in subsequent asymptomatic siblings of infants who had an apparent life-threatening event (Duke et al). 1992;12:124-7

Aquavene
Significantly improved peripheral intravenous catheter performance in neonates: insertion ease, dwell time, complication rate, and costs (Sheehan et al). 1992;12:369-76

Artificial insemination
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62

B

Bacterial infections
An interesting case presentation: peripartum meningococcal meningitis (Finan et al). 1992;12:78-80

Biliary tract diseases
Calculous disease of the biliary tract in infants after neonatal extracorporeal membrane oxygenation (Almond et al). 1992;12:18-20

Blood gas analysis, transcutaneous
Do postsuctioning transcutaneous PO_2 values change when a neonate's movements are restrained? (Velasco-Whetsell et al). 1992;12:333-7

Blood transfusion
Reducing neonatal transfusions (Batton et al). 1992;12:152-5

Book and audiovisual teaching material reviews
Book and audiovisual teaching material reviews. 1992;12:98-9, 199-200, 310-2, 390-1

Bowel obstruction; *see* Intestinal obstruction

Bradycardia
Reducing the hypoxemia, bradycardia, and apnea associated with suctioning in low birthweight infants (Evans). 1992;12:137-42
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93

Brain diseases
Postnatal white matter necrosis in preterm infants (Bejar et al). 1992;12:3-8

Breech presentation
Breech management (Gimovsky and Schifrin). 1992;12:143-51

C

California
The California Diabetes and Pregnancy Program: implementation of a multicenter experience with diabetic pregnancies (Cousins et al). 1992;12:173-80

Cardiac defects; *see* Heart defects, congenital

Cardiac tumor; *see* Heart neoplasms

Caregivers
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75

Catheters, indwelling
Neonatal radiology casebook (Stromquist and Perez). 1992;12:81-2
Significantly improved peripheral intravenous catheter performance in neonates: insertion ease, dwell time, complication rate, and costs (Sheehan et al). 1992;12:369-76

Cephalic version; *see* Version, fetal

Cerebral hemorrhage
Simultaneous occurrence of intracranial and subgaleal hemorrhages complicating vacuum extraction delivery (Hall). 1992;12:185-7

Cerebral infarction
Magnetic resonance imaging in full-term infants with repetitive focal seizures (Rios et al). 1992;12:252-6

Cesarean section
An interesting case presentation: a possible new route for perinatal acquisition of Chlamydia (Shariat et al). 1992;12:300-2

Chlamydia
An interesting case presentation: a possible new route for perinatal acquisition of Chlamydia (Shariat et al). 1992;12:300-2

Chloride
Misdiagnosis of congenital chloride-losing diarrhea (Khan and Yaish). 1992;12:112-4

Cholelithiasis
Calculous disease of the biliary tract in infants after neonatal extracorporeal membrane oxygenation (Almond et al). 1992;12:18-20

*March, pp. 1-100; June, pp. 101-202; September, pp. 203-314; December, pp. 315-406.

Cholelithiasis in infants receiving furosemide: a prospective study of the incidence and one-year follow-up (Randall et al). 1992;12:107-11
Clinical casebook presentation
Acute hemorrhagic gastritis in the newborn infant (Madan et al). 1992;12:377-80
Cloth diapers; *see* Diapers
Cocaine
Patterns of illicit drug use at the time of labor in a private and public hospital (Lake et al). 1992;12:134-6
Commentaries
Emotion in women undergoing amniocentesis in the second trimester of pregnancy (Harward). 1992;12:257-61
The loss of a dream: perinatal loss or an unexpected pregnancy outcome (Gould). 1992;12:262-5
A timely scenario: Let Our Babies Grow. 1992;12:364-5
A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7
A timely scenario. 1992;12:59-60
A timely scenario. 1992;12:266
The you we thought we'd see (Reineke). 1992;12:363
Congenital cystic adenomatoid malformation of lung; *see* Cystic adenomatoid malformation of lung, congenital
Containment
Do postsuctioning transcutaneous PO_2 values change when a neonate's movements are restrained? (Velasco-Whetsell et al). 1992;12:333-7
Cord blood; *see* Fetal blood
Cost benefit analysis
Significantly improved peripheral intravenous catheter performance in neonates: insertion ease, dwell time, complication rate, and costs (Sheehan et al). 1992;12:369-76
Cost containment
Cost containment: At what cost? (Martin). 1992;12:315 (Editorial)
Current concepts
Breech management (Gimovsky and Schifrin). 1992;12:143-51
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62
Magnetic resonance imaging in full-term infants with repetitive focal seizures (Rios et al). 1992;12:252-6
Reducing neonatal transfusions (Batton et al). 1992;12:152-5
Trends in preterm labor (Graf and Perez-Woods). 1992;12:51-8
Cystic adenomatoid malformation of lung, congenital
Waxing and waning hyperinflation in congenital cystic adenomatoid malformation of the lung (Bainbridge et al). 1992;12:237-9

D

Death
The grief response to mid-trimester fetal loss (Lindberg). 1992;12:158-63 (Commentary)
A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7 (Commentary)
Delivery
Shoulder dystocia (Rubinstein and Schifrin). 1992;12:74-7
Depression
Dysphoric distress in childbearing women (Affonso et al). 1992;12:325-32
Desert Storm
A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7 (Commentary)
Dexamethasone
Effects of dexamethasone on pulmonary function following extubation (Courtney et al). 1992;12:246-51
Diabetes, gestational
The California Diabetes and Pregnancy Program: implementation of a multicenter experience with diabetic pregnancies (Cousins et al). 1992;12:173-80
Sudden fetal death in women with well-controlled, intensively monitored gestational diabetes (Girz et al). 1992;12:229-33
Diabetes mellitus
The California Diabetes and Pregnancy Program: implementation of a multicenter experience with diabetic pregnancies (Cousins et al). 1992;12:173-80
Diagnostic errors
Misdiagnosis of congenital chloride-losing diarrhea (Khan and Yaish). 1992;12:112-4
Diapers
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3
Diarrhea
Misdiagnosis of congenital chloride-losing diarrhea (Khan and Yaish). 1992;12:112-4
Discharge of patient; *see* Patient discharge
Doppler flow velocimeters; *see* Flowmeters
Down syndrome
Duodenal atresia presenting as hematemesis in a premature infant with Down syndrome: case report and review of the literature (Chhabra et al). 1992;12:25-7
Drug dosing
Evolution of a neonatal gentamicin dosing protocol in a small community hospital (Rivey et al). 1992;12:346-53
Drug screening
Perinatal toxicology screening (Hansen et al). 1992;12:220-4
Dubowitz assessment
Validity of postnatal assessments of gestational age in low birthweight infants from a Caribbean community (Robillard et al). 1992;12:115-9
Ductus arteriosus
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7
Duodenal obstruction
Duodenal atresia presenting as hematemesis in a premature infant with Down syndrome: case report and review of the literature (Chhabra et al). 1992;12:25-7
Dysphoric distress; *see* Depression

E

Economics
Ethics and economics: Friends or foes? (Hartline). 1992;12:1-2 (Editorial)
Editorials
Cost containment: At what cost? (Martin). 1992;12:315
Early discharge—early trouble (Eidelman). 1992;12:101-2
Ethics and economics: Friends or foes? (Hartline). 1992;12:1-2
New horizons (Martin). 1992;12:203-4
Electrodes
Effects of transcutaneous monitor electrode heat on skin servo-controlled environments (Seguin). 1992;12:276-80
Electrolytes
Topics in neonatal nutrition (Mews). 1992;12:297-9
Embryo
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62
Emotion
Emotion in women undergoing amniocentesis in the second trimester of pregnancy (Harward). 1992;12:257-61 (Commentary)
The loss of a dream: perinatal loss or an unexpected pregnancy outcome (Gould). 1992;12:262-5 (Commentary)
Environment
The high-risk infant environment: Part 1. The role of the neonatal intensive care unit in the outcome of high-risk infants (Graven et al). 1992;12:164-72
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75
Erythrocyte indices
Arterial red cell indices in preterm and term infants at birth (O'Connor and Monzon). 1992;12:9-12
Erythropoietin
Is cord blood erythropoietin a marker of intrapartum hypoxia? (Halevi et al). 1992;12:215-9
Ethics
Ethical issues in the use of life-prolonging interventions for an infant with trisomy 18 (Paris et al). 1992;12:366-8
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62
Ethics and economics: Friends or foes? (Hartline). 1992;12:1-2 (Editorial)
Evaporation
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3

Exercise
Effect of exercise on uterine activity in the patients in preterm labor (Mayberry et al). 1992;12:354-8
Extracorporeal membrane oxygenation
Calculous disease of the biliary tract in infants after neonatal extracorporeal membrane oxygenation (Almond et al). 1992;12:18-20
Extubation; *see* Intubation, intratracheal

Fetal blood
Is cord blood erythropoietin a marker of intrapartum hypoxia? (Halevi et al). 1992;12:215-9
Thromboxane synthetase inhibition produces maternal and fetal vasodilation during ovine pregnancy-induced hypertension: a Doppler flow velocimetric study (Keith et al). 1992;12:210-4
Fetal death
Decreased fetal movement with abnormal nonstress test preceding fetal death (Rubinstein and Schifrin). 1992;12:294-6
The grief response to mid-trimester fetal loss (Lindberg). 1992;12:158-63 (Commentary)
Sudden fetal death in women with well-controlled, intensively monitored gestational diabetes (Girz et al). 1992;12:229-33
Fetal heart
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7
Fetal heart rate; *see* Heart rate, fetal
Fetal hydrops; *see* Hydrops fetalis
Fetal monitoring
Decreased fetal movement with abnormal nonstress test preceding fetal death (Rubinstein and Schifrin). 1992;12:294-6
Fetal movement
Decreased fetal movement with abnormal nonstress test preceding fetal death (Rubinstein and Schifrin). 1992;12:294-6
Flowmeters
Thromboxane synthetase inhibition produces maternal and fetal vasodilation during ovine pregnancy-induced hypertension: a Doppler flow velocimetric study (Keith et al). 1992;12:210-4
Focal seizures; *see* Seizures
Foramen ovale
Nonimmune fetal hydrops with isolated premature restriction of the foramen ovale (Porcelli et al). 1992;12:37-40
Furosemide
Cholelithiasis in infants receiving furosemide: a prospective study of the incidence and one-year follow-up (Randall et al). 1992;12:107-11

G

Gamete
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62
Gastritis
Acute hemorrhagic gastritis in the newborn infant (Madan et al). 1992;12:377-80
Gentamicin
Evolution of a neonatal gentamicin dosing protocol in a small community hospital (Rivey et al). 1992;12:346-53
Gestational age
Evolution of a neonatal gentamicin dosing protocol in a small community hospital (Rivey et al). 1992;12:346-53
Validity of postnatal assessments of gestational age in low birthweight infants from a Caribbean community (Robillard et al). 1992;12:115-9
Gestational diabetes; *see* Diabetes, gestational
Government funding
A timely scenario. 1992;12:266 (Commentary)
Grief
The grief response to mid-trimester fetal loss (Lindberg). 1992;12:158-63 (Commentary)
The loss of a dream: perinatal loss or an unexpected pregnancy outcome (Gould). 1992;12:262-5 (Commentary)
A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7 (Commentary)
Guadeloupe
Validity of postnatal assessments of gestational age in low birthweight infants from a Caribbean community (Robillard et al). 1992;12:115-9

H

Heart block
Congenital complete heart block associated with maternal anti-Ro antibody: a case report (Fabbri and Hamner). 1992;12:225-8
Heart defects, congenital
Congenital complete heart block associated with maternal anti-Ro antibody: a case report (Fabbri and Hamner). 1992;12:225-8
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7
Ethical issues in the use of life-prolonging interventions for an infant with trisomy 18 (Paris et al). 1992;12:366-8
Hypoplastic left heart syndrome: access to medical care (Huhta). 1992;12:306-7
Nonimmune fetal hydrops with isolated premature restriction of the foramen ovale (Porcelli et al). 1992;12:37-40
Heart neoplasms
Spontaneous regression of a primary cardiac tumor presenting as fetal tachyarrhythmias (Brand and Friedberg). 1992;12:48-50
Heart rate, fetal
Saltatory fetal heart rate pattern (O'Brien-Abel and Benedetti). 1992;12:13-7
Spontaneous regression of a primary cardiac tumor presenting as fetal tachyarrhythmias (Brand and Friedberg). 1992;12:48-50
Heat
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3
Hematemesis
Duodenal atresia presenting as hematemesis in a premature infant with Down syndrome: case report and review of the literature (Chhabra et al). 1992;12:25-7
Hematologic tests
Limitations in the usefulness of urine latex particle agglutination tests and hematologic measurements in diagnosing neonatal sepsis during the first week of life (Hachey and Wiswell). 1992;12:240-5
Hemorrhage
Acute hemorrhagic gastritis in the newborn infant (Madan et al). 1992;12:377-80
High-frequency jet ventilation
Pulmonary hypoplasia and persistent pulmonary hypertension: favorable clinical response to high-frequency jet ventilation (Peters et al). 1992;12:21-4
History
A timely scenario. 1992;12:59-60 (Commentary)
Hydrops fetalis
Nonimmune fetal hydrops with isolated premature restriction of the foramen ovale (Porcelli et al). 1992;12:37-40
Nonimmune hydrops fetalis: case reports and brief review (Sasidharan et al). 1992;12:338-45
Hyperammonemia
Transient hyperammonemia of the newborn: A vascular complication of prematurity? (Tuchman and Georgieff). 1992;12:234-6
Hyperinflation
Waxing and waning hyperinflation in congenital cystic adenomatoid malformation of the lung (Bainbridge et al). 1992;12:237-9
Hypervasion
Thromboxane synthetase inhibition produces maternal and fetal vasodilation during ovine pregnancy-induced hypertension: a Doppler flow velocimetric study (Keith et al). 1992;12:210-4
Hypertension, pulmonary
Pulmonary hypoplasia and persistent pulmonary hypertension: favorable clinical response to high-frequency jet ventilation (Peters et al). 1992;12:21-4
Hypoplastic left heart syndrome
Hypoplastic left heart syndrome: access to medical care (Huhta). 1992;12:306-7
Hypotension
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93
Hypoxemia; *see* Anoxemia
Hypoxia; *see* Anoxia

I

Ileostomy
Topics in neonatal nutrition (Mews). 1992;12:297-9
Illicit drug use; *see* Substance abuse

Incubators, infant
Effects of transcutaneous monitor electrode heat on skin servo-controlled environments (Seguin). 1992;12:276-80, 1992;12:276-80
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3
Indomethacin
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7
Infant, low birth weight
Improving the prediction of surfactant deficiency in very low-birthweight infants with respiratory distress (Harker et al). 1992;12:129-33
Reducing the hypoxemia, bradycardia, and apnea associated with suctioning in low birthweight infants (Evans). 1992;12:137-42
Validity of postnatal assessments of gestational age in low birthweight infants from a Caribbean community (Robillard et al). 1992;12:115-9
Infant, premature
Arterial red cell indices in preterm and term infants at birth (O'Connor and Monzon). 1992;12:9-12
Duodenal atresia presenting as hematemesis in a premature infant with Down syndrome: case report and review of the literature (Chhabra et al). 1992;12:25-7
The high-risk infant environment: Part 1. The role of the neonatal intensive care unit in the outcome of high-risk infants (Graven et al). 1992;12:164-72
Legionella pneumophila in a preterm infant: a case report (Womack et al). 1992;12:303-5
Postnatal white matter necrosis in preterm infants (Bejar et al). 1992;12:3-8
Subcutaneous tocolytic infusion therapy for patients at very high risk for preterm birth (Allbert et al). 1992;12:28-31
Transient hyperammonemia of the newborn: A vascular complication of prematurity? (Tuchman and Georgieff). 1992;12:234-6
Infant mortality
The grief response to mid-trimester fetal loss (Lindberg). 1992;12:158-63 (Commentary)
Infection
An interesting case presentation: a possible new route for perinatal acquisition of Chlamydia (Shariat et al). 1992;12:300-2
Legionella pneumophila in a preterm infant: a case report (Womack et al). 1992;12:303-5
Infertility
Ethical issues of gamete and embryo donation: implications for nursing (Townsend). 1992;12:359-62
Infusions, subcutaneous
Subcutaneous tocolytic infusion therapy for patients at very high risk for preterm birth (Allbert et al). 1992;12:28-31
Intensive care unit, neonatal
The high-risk infant environment: Part 1. The role of the neonatal intensive care unit in the outcome of high-risk infants (Graven et al). 1992;12:164-72
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75
Reducing neonatal transfusions (Batton et al). 1992;12:152-5
Selection of primary patients in a neonatal intensive care unit (Lind and Sterk). 1992;12:32-6
A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7 (Commentary)
Intermittent mandatory ventilation
Intermittent mandatory ventilation with continuous negative pressure compared with positive end-expiratory pressure for neonatal hypoxemia (Cvetnic et al). 1992;12:316-24
Intestinal obstruction
Neonatal radiology casebook (Herman and Siegel). 1992;12:381-2
Intracranial hemorrhage; *see* **Cerebral hemorrhage**
Intubation, intratracheal
Effects of dexamethasone on pulmonary function following extubation (Courtney et al). 1992;12:246-51
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93

Journal of Perinatology
New horizons (Martin). 1992;12:203-4 (Editorial)

L

Labor
Evaluation of oxygen desaturation events in singleton pregnancies (Porter et al). 1992;12:103-6
Is cord blood erythropoietin a marker of intrapartum hypoxia? (Halevi et al). 1992;12:215-9
Patterns of illicit drug use at the time of labor in a private and public hospital (Lake et al). 1992;12:134-6
Prolonged labor with persistent occiput-posterior position in postterm pregnancy (Rubinstein and Schifrin). 1992;12:181-4
Saltatory fetal heart rate pattern (O'Brien-Abel and Benedetti). 1992;12:13-7
Shoulder dystocia (Rubinstein and Schifrin). 1992;12:74-7
Labor, premature
Effect of exercise on uterine activity in the patients in preterm labor (Mayberry et al). 1992;12:354-8
Subcutaneous tocolytic infusion therapy for patients at very high risk for preterm birth (Allbert et al). 1992;12:28-31
Trends in preterm labor (Graf and Perez-Woods). 1992;12:51-8
The you we thought we'd see (Reineke). 1992;12:363 (Commentary)
Latex fixation tests
Limitations in the usefulness of urine latex particle agglutination tests and hematologic measurements in diagnosing neonatal sepsis during the first week of life (Hachey and Wiswell). 1992;12:240-5
Legionella pneumophila
Legionella pneumophila in a preterm infant: a case report (Womack et al). 1992;12:303-5
Let Our Babies Grow
A timely scenario: Let Our Babies Grow. 1992;12:364-5 (Commentary)
Letters
Letters. 1992;12:312, 387-9
Life support care
Ethical issues in the use of life-prolonging interventions for an infant with trisomy 18 (Paris et al). 1992;12:366-8
Low birth weight infant; *see* **Infant, low birth weight**
Lung, physiology
Effects of dexamethasone on pulmonary function following extubation (Courtney et al). 1992;12:246-51
Effects of saline instillation during tracheal suction on lung mechanics in newborn infants (Beeram and Dhanireddy). 1992;12:120-3
Lung diseases
Pulmonary hypoplasia and persistent pulmonary hypertension: favorable clinical response to high-frequency jet ventilation (Peters et al). 1992;12:21-4

M

Magnesium sulfate
Evaluation of oxygen desaturation events in singleton pregnancies (Porter et al). 1992;12:103-6
Magnetic resonance imaging
Magnetic resonance imaging in full-term infants with repetitive focal seizures (Rios et al). 1992;12:252-6
Malignant hyperthermia
Malignant hyperthermia: a review (Johnson and Edleman). 1992;12:61-71
Malpractice
Decreased fetal movement with abnormal nonstress test preceding fetal death (Rubinstein and Schifrin). 1992;12:294-6
Prolonged labor with persistent occiput-posterior position in postterm pregnancy (Rubinstein and Schifrin). 1992;12:181-4
Shoulder dystocia (Rubinstein and Schifrin). 1992;12:74-7
Marijuana
Patterns of illicit drug use at the time of labor in a private and public hospital (Lake et al). 1992;12:134-6
Medical-legal forum
Decreased fetal movement with abnormal nonstress test preceding fetal death (Rubinstein and Schifrin). 1992;12:294-6
Prolonged labor with persistent occiput-posterior position in postterm pregnancy (Rubinstein and Schifrin). 1992;12:181-4
Shoulder dystocia (Rubinstein and Schifrin). 1992;12:74-7
Meningitis
An interesting case presentation: peripartum meningococcal meningitis (Finan et al). 1992;12:78-80

Meningococcus
An interesting case presentation: peripartum meningococcal meningitis (Finan et al). 1992;12:78-80
Mid-trimester; *see* Pregnancy trimester, second
Miscarriage; *see* Abortion, spontaneous
Misdiagnosis; *see* Diagnostic errors
Mortality
Trends in preterm labor (Graf and Perez-Woods). 1992;12:51-8
Muscular diseases
Malignant hyperthermia: a review (Johnson and Edleman). 1992;12:61-71

N

Necrosis
Postnatal white matter necrosis in preterm infants (Bejar et al). 1992;12:3-8
Negative pressure ventilation
Intermittent mandatory ventilation with continuous negative pressure compared with positive end-expiratory pressure for neonatal hypoxemia (Cvetnic et al). 1992;12:316-24
Neonatal intensive care unit; *see* Intensive care unit, neonatal
Neonatal technology
Effects of transcutaneous monitor electrode heat on skin servo-controlled environments (Seguin). 1992;12:276-80
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3
Significantly improved peripheral intravenous catheter performance in neonates: insertion ease, dwell time, complication rate, and costs (Sheehan et al). 1992;12:369-76
Nonimmune fetal hydrops; *see* Hydrops fetalis
Nonstress test; *see* Fetal monitoring
NPA forum
Hypoplastic left heart syndrome: access to medical care (Huhta). 1992;12:306-7
Parable of the dangerous cliff (Bowen). 1992;12:195-6
The quality of quantity vs the quantity of quality (Bowen). 1992;12:83-4
Well baby rounds (Bowen). 1992;12:383-4
Nutrition
Topics in neonatal nutrition (Mews). 1992;12:297-9

O

Obstetrics, history
A timely scenario. 1992;12:59-60 (Commentary)
Occiput-posterior position; *see* Positioning
Oxygen
Evaluation of oxygen desaturation events in singleton pregnancies (Porter et al). 1992;12:103-6

P

Parable
Parable of the dangerous cliff (Bowen). 1992;12:195-6
Parenteral nutrition
Cholelithiasis in infants receiving furosemide: a prospective study of the incidence and one-year follow-up (Randall et al). 1992;12:107-11
Parents
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75
Patient discharge
Early discharge—early trouble (Eidelman). 1992;12:101-2 (Editorial)
Perinatal/neonatal casebooks
An interesting case presentation: a possible new route for perinatal acquisition of Chlamydia (Shariat et al). 1992;12:300-2
An interesting case presentation: peripartum meningococcal meningitis (Finan et al). 1992;12:78-80
Legionella pneumophila in a preterm infant: a case report (Womack et al). 1992;12:303-5
Neonatal radiology casebook (Herman and Siegel). 1992;12:381-2
Neonatal radiology casebook (Stromquist and Perez). 1992;12:81-2
Perinatal pathology casebook (Jasnosz and MacPherson). 1992;12:188-91
Simultaneous occurrence of intracranial and subgaleal hemorrhages complicating vacuum extraction delivery (Hall). 1992;12:185-7
Topics in neonatal nutrition (Mews). 1992;12:297-9
Visual diagnosis casebook (Courtney and Fisher). 1992;12:192-4
Perinatal perspective
Hypoplastic left heart syndrome: access to medical care (Huhta). 1992;12:306-7
Parable of the dangerous cliff (Bowen). 1992;12:195-6

Pulse oximetry
Evaluation of oxygen desaturation events in singleton pregnancies (Porter et al). 1992;12:103-6

Q

Quality of care
Cost containment: At what cost? (Martin). 1992;12:315 (Editorial)
The quality of quantity vs the quantity of quality (Bowen). 1992;12:83-4

R

Radial artery
Arterial red cell indices in preterm and term infants at birth (O'Connor and Monzon). 1992;12:9-12
Radiant warmers; *see* Incubators, infant
Radiology
Neonatal radiology casebook (Herman and Siegel). 1992;12:381-2
Neonatal radiology casebook (Stromquist and Perez). 1992;12:81-2
Red cell indices; *see* Erythrocyte indices
Research
The high-risk infant environment: Part 1. The role of the neonatal intensive care unit in the outcome of high-risk infants (Graven et al). 1992;12:164-72
Respiratory distress syndrome
Improving the prediction of surfactant deficiency in very low-birthweight infants with respiratory distress (Harker et al). 1992;12:129-33
Waxing and waning hyperinflation in congenital cystic adenomatoid malformation of the lung (Bainbridge et al). 1992;12:237-9
Restraints
Do postsuctioning transcutaneous PO_2 values change when a neonate's movements are restrained? (Velasco-Whetsell et al). 1992;12:333-7
Reviewers
Reviewers. 1992;12:393-4

S

Saline
Effects of saline instillation during tracheal suction on lung mechanics in newborn infants (Beeram and Dhanireddy). 1992;12:120-3
Saltatory fetal heart rate; *see* Heart rate, fetal
Second trimester of pregnancy; *see* Pregnancy trimester, second
Seizures
Magnetic resonance imaging in full-term infants with repetitive focal seizures (Rios et al). 1992;12:252-6
Septicemia
Limitations in the usefulness of urine latex particle agglutination tests and hematologic measurements in diagnosing neonatal sepsis during the first week of life (Hachey and Wiswell). 1992;12:240-5
Shoulder dystocia
Shoulder dystocia (Rubinstein and Schifrin). 1992;12:74-7
Siblings
Apnea in subsequent asymptomatic siblings of infants who had an apparent life-threatening event (Duke et al). 1992;12:124-7
Skin servo-controlled radiant warmers; *see* Incubators, infant
Social environment
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75
Sodium
Topics in neonatal nutrition (Mews). 1992;12:297-9
Songs
A timely scenario: Let Our Babies Grow. 1992;12:364-5 (Commentary)
Special features
The high-risk infant environment: Part 1. The role of the neonatal intensive care unit in the outcome of high-risk infants (Graven et al). 1992;12:164-72
The high-risk infant environment: Part 2. The role of caregiving and the social environment (Graven et al). 1992;12:267-75
State of the art
The California Diabetes and Pregnancy Program: implementation of a multicenter experience with diabetic pregnancies (Cousins et al). 1992;12:173-80
Malignant hyperthermia: a review (Johnson and Edleman). 1992;12:61-71
Sudden deterioration of intubated newborn: four steps to the differential diagnosis and initial management (Brion et al). 1992;12:281-93
Subcutaneous infusions; *see* Infusions, subcutaneous
Subgaleal hemorrhage; *see* Cerebral hemorrhage
Substance abuse
Patterns of illicit drug use at the time of labor in a private and public hospital (Lake et al). 1992;12:134-6
Perinatal toxicology screening (Hansen et al). 1992;12:220-4
Suctioning
Do postsuctioning transcutaneous PO_2 values change when a neonate's movements are restrained? (Velasco-Whetsell et al). 1992;12:333-7
Effects of saline instillation during tracheal suction on lung mechanics in newborn infants (Beeram and Dhanireddy). 1992;12:120-3
Reducing the hypoxemia, bradycardia, and apnea associated with suctioning in low birthweight infants (Evans). 1992;12:137-42
Sudden infant death
Apnea in subsequent asymptomatic siblings of infants who had an apparent life-threatening event (Duke et al). 1992;12:124-7
Surfactants
Improving the prediction of surfactant deficiency in very low-birthweight infants with respiratory distress (Harker et al). 1992;12:129-33
Syphilis
Visual diagnosis casebook (Courtney and Fisher). 1992;12:192-4

T

Tachycardia
Spontaneous regression of a primary cardiac tumor presenting as fetal tachyarrhythmias (Brand and Friedberg). 1992;12:48-50
Teaching
Well baby rounds (Bowen). 1992;12:383-4
Teflon
Significantly improved peripheral intravenous catheter performance in neonates: insertion ease, dwell time, complication rate, and costs (Sheehan et al). 1992;12:369-76
Thromboxane synthetase
Thromboxane synthetase inhibition produces maternal and fetal vasodilation during ovine pregnancy-induced hypertension: a Doppler flow velocimetric study (Keith et al). 1992;12:210-4
Tocolysis
Ductus-dependent fetal cardiac defects contraindicate indomethacin tocolysis (Saenger et al). 1992;12:41-7
Subcutaneous tocolytic infusion therapy for patients at very high risk for preterm birth (Allbert et al). 1992;12:28-31
Total parenteral nutrition; *see* Parenteral nutrition
Toxicology screening; *see* Drug screening
Trachea
Effects of saline instillation during tracheal suction on lung mechanics in newborn infants (Beeram and Dhanireddy). 1992;12:120-3
Transcutaneous blood gas analysis; *see* Blood gas analysis, transcutaneous
Transcutaneous monitor electrodes; *see* Electrodes
Transfusion; *see* Blood transfusion
Trial of labor
Breech management (Gimovsky and Schifrin). 1992;12:143-51
Trisomy 18
Ethical issues in the use of life-prolonging interventions for an infant with trisomy 18 (Paris et al). 1992;12:366-8
Twin reversed arterial perfusion sequence
Perinatal pathology casebook (Jasnosz and MacPherson). 1992;12:188-91

U

Umbilical artery
Arterial red cell indices in preterm and term infants at birth (O'Connor and Monzon). 1992;12:9-12
Neonatal radiology casebook (Stromquist and Perez). 1992;12:81-2
Urinalysis
Limitations in the usefulness of urine latex particle agglutination tests and hematologic measurements in diagnosing neonatal sepsis during the first week of life (Hachey and Wiswell). 1992;12:240-5
Perinatal toxicology screening (Hansen et al). 1992;12:220-4
Urine output
Evaporation from reusable cloth diapers exposed to radiant heat (Hermansen and Barnhart). 1992;12:72-3
Uterine contractions
Effect of exercise on uterine activity in the patients in preterm labor (Mayberry et al). 1992;12:354-8
Trends in preterm labor (Graf and Perez-Woods). 1992;12:51-8

V

Vacuum extraction

Simultaneous occurrence of intracranial and subgaleal hemorrhages complicating vacuum extraction delivery (Hall). 1992;12:185-7

Vascular diseases

Transient hyperammonemia of the newborn: A vascular complication of prematurity? (Tuchman and Georgieff). 1992;12:234-6

Vasodilation

Thromboxane synthetase inhibition produces maternal and fetal vasodilation during ovine pregnancy-induced hypertension: a Doppler flow velocimetric study (Keith et al). 1992;12:210-4

Version, fetal

Breech management (Gimovsky and Schifrin). 1992;12:143-51

Very low birth weight infant; *see* Infant, low birth weight

W

War

A timely scenario: wars in the desert, wars in the ICU (Carter). 1992;12:156-7 (Commentary)

Water loss

Topics in neonatal nutrition (Mews). 1992;12:297-9

Waxing and waning hyperinflation; *see* Hyperinflation

Well baby service

Well baby rounds (Bowen). 1992;12:383-4

White matter

Postnatal white matter necrosis in preterm infants (Bejar et al). 1992;12:3-8
